

the ESPRIT™ faucet

Seagull® IV "LTF" Designer Series Water Purifier

Introducing Esprit faucet - the latest addition to the Seagull® IV "LTF" lifetime finish Designer Series. Sleek and slim, Esprit faucet offers the convenience of an extra long reach, swivel spout combined with our smallest base for narrow galley sinks. Faucet choices abound with the availability of "LTF gold" lifetime finish or chrome finish as well as a flat or rounded faucet base, each offering a distinct look.

A beautiful combination of form and function, Esprit faucet is top-mounting and connecting lines can be pre-attached for quick and easy installation. With lifetime guaranteed ceramic disk-valving, lifetime finish, lead-free materials, exceptional flow rate and a thermoplastic tip to minimize scale build-up in hard water areas, Esprit faucet is as durable as it is stylish.

Seagull® IV X-2KF "LTF" Designer Series Water Purifier — durable beauty continues beneath the counter with our proprietary "Structured Matrix™" purification technology encased in a compact, 300 series stainless steel housing with "LTF gold" ports and high pressure installation lines for maximum quality and value.
